What is Home Emergency Cover?

The maximum payable per claim is shown in your policy schedule (maximum £500).

Claims Procedure

We record and monitor calls for training purposes, to improve the quality of the service, to help deal with queries or complaints from you and to prevent and detect fraud and financial crime.

In the event of an unforeseen emergency in the home, please contact us on the number shown on the front of this policy as soon as possible providing us with your name, address, postcode, and the nature of the problem. Your call will be answered as soon as possible.

We will record your details and then decide on the best course of action to mitigate your loss &/or repair the damage. If the incident relates to an emergency covered under your policy we will instruct a member of our emergency contractor network in respect of that claim only. We shall have no liability for any other work carried out by the contractor. Please note that adverse weather conditions and remote locations may affect normal standards of service.

If your home is powered by a biomass boiler, anaerobic digester system, air source heat pump or ground source heat pump, we will check your details and agree for you to choose a suitable expert to help. You will have to pay the contractor and send your receipt to us, we will reimburse your claim. Please send your receipt to www.arag.co.uk/newclaims.

If you are claiming for alternative accommodation costs for Insured event 8 Inhabitable Home you should obtain our authority to incur any costs prior to us reimbursing you. It is important you notify us as soon as possible and do not appoint your own contractors as we will not pay the costs incurred and it could invalidate your cover.

If the problem is not covered by this policy then we can still provide assistance but at your own cost. This may also be an event covered by your main buildings &/or contents insurance and we will seek to advise you accordingly.

Please note that you should report any major emergency which could result in injury or serious damage to the home, to the Emergency Services or the company that supplies the service.
